1) Meeting Called to Order

Paul W3PLP called the Regular Meeting of the Western Pennsylvania Repeater Council to order at 1:01 PM. Paul announced that as with all meetings there is an audio recording that is kept on file for board of director access only. Paul also mentioned that if anyone was uncomfortable with the meeting being archived in audio format they were welcome to step out. Audio Log # 3960

5) Frequency Coordinator Report - Frank N3FB

Read by Kevin W3KKC

Since October 18, 2015 the following items have been processed:

We have 4 Open Applications that are currently being processed.

1 – Deletions, this was database maintenance.

7 - Denials

6 – Final Coordinations issued.

4 – Current Initial Coordinations.

24 – Requests from surrounding Coordination Bodies.

Most of these requests are from the surrounding coordinators; they have a 30 day time limit. Therefore, they are processed as soon as possible. Unfortunately, this can take up some time that I would have been doing our area coordinations.

I am working on received requests from December and will make an effort to get more current by the next meeting.

I posted a repeater directory update to the webpage on October 14, there has not been very many changes since then. I expect to be posting an update by the end of this month.

In December my employer sent me out of town to make a visit to another facility. On the return trip, I passed through Newington, CT and made a stop at ARRL headquarters. I had a brief meeting with Steve Ford, WB8IMY, he is my contact at the ARRL regarding coordination. I wanted to put a face to the e-mails. We discussed, among other things, the new database format which has gone on line. I have not made a change to the new database but I have verified that it is correct as submitted last fall.

Thanks again to Kevin for all the help that he does behind the scenes

6) Committee Reports

a) Technical Committee – Kevin W3KKC

Kevin, as we all know, tackles most of the technical issues presented to this group and in most cases even settles most disputes before they even become official business. In addition, Frank mentioned, Kevin proofs and or fact checks applications making coordination cycle time much shorter.

b) Public Relations Committee – Scott N3XCC

Scott thanked Elisha Zimmerman KB9WCX who produced the most recent WPRC, Inc. newsletter. Scott announced plans to publish another one before the October Elections Meeting. The WPRC, Inc. website is progressing slowly and the information there is more accurate and useful.

7) Old Business

- a) **70 CM Band Plan.** Kevin W3KKC reviewed and explained the new 70 CM band plan that was adopted at the last meeting. Kevin also mentioned it should be listed on the WPRC, Inc. website soon, however it is included in the October meeting report which is published on the WPRC, Inc. website and Facebook page.

8) New Business

- a) We have issued log numbers 3857 -3944 prior to this meeting.
- b) Bill K3BPB asked that the by-laws be revised and simplified to current operations. The board mentioned that Jeff N8PSU is heading up that project and we would reach out to Jeff.
